Jo-Anne Laidlaw  
City of Edinburgh Council  
Waverley Court  
4 East Market Street  
Edinburgh  
EH8 8BG

**33/333333/XYZ**

Dear Jo-Anne

This application includes replacing traditional single-pane sash windows with bright pink PVC-framed multi-pane double-glazing. The planned shapes and colour would detract from the traditional look of this listed building.

We completely understand the owner's wish to improve insulation, but we cannot accept the changes to format stated in the plans. We recommend an alternative available from [www.traditionalwindows.com](http://www.traditionalwindows.com) and other outlets. These provide double-glazing but in a manner that does not detract from the traditional look of this traditional area of Edinburgh.

We ask that the council insists on retaining the traditional outside look of this building, by denying permission unless the plans are changed accordingly.

Best regards

Pamela Connolly  
Convenor, Model CC planning committee
